Explanations	

Our company, together with all its subsidiaries, takes part in the Intersolar Europe 2025 Fair held in Munich, Germany, introducing its latest technology products, establishing solution partnerships and negotiating for new projects.

In this context, a solar panel production and supply contract with a total capacity of 300 MW was signed between our company's subsidiary Smart Solar Energy Equipment Marketing Inc. and Zes Solar Energy Supply and Trade Inc., one of the important companies in the renewable energy sector.

In this project, domestic solar panels will be used, which will be produced using domestic solar cells produced in our Company's Aliağa Integrated Production Facility.
