Explanations	

Our Company, within the scope of its sustainable energy investments, has executed a loan agreement in the amount of **EUR 20,557,515.36 with ING Bank N.V., domiciled in The Netherlands**, for the financing of equipment and service procurements in connection with the 130 MWp G4-Bor-1 Solar Power Plant Project developed and completed in Türkiye through our wholly-owned subsidiary, Smart GES Enerji Üretim A.Ş.

The loan qualifies as a Green Loan. **The maturity of the loan extends until 30 July 2030.**

This significant financial resource, obtained in line with our company's sustainability objectives, is hereby disclosed to the public.

The English translation of this disclosure is announced to the public simultaneously. In the event of any inconsistency between the Turkish and English versions, the Turkish text shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
