Explanations	

A "Storage Solar Power Plant and Energy Transmission Line Project Development and Turnkey Installation Contract" amounting **US$ 53,601,000 excluding VAT** was signed between our Company and a domestic corporate customer for turnkey land type solar power plant installation services (design, engineering, supply, installation, testing and commissioning - including substation and transmission lines), including project development works (obtaining land use rights, preliminary license and production license, connection opinions, EIA reports and building licenses, etc.) within the scope of Electricity Market License Regulation. An advance of USD 1,000,000 was collected.

In the solar power plant, the domestic Photovotaic Solar Panels produced by using domestic Photovotaic Solar Cells (produced by our Company) will be used.
