| **Explanations** | |

Our company introduces the solar panels produced with the latest technology, its domestic cells and the projects it has developed, meets with its investors and signs cooperation and agreements at the 17th "SolarEX Istanbul International Solar Energy Technologies & Energy Storage Fair".

Our company carries out the development of Storage Solar Power Plant Projects within the scope of the relevant legislation.

In this context, a "Storage Solar Power Plant and Energy Transmission Line Project Development and Turnkey Installation Agreement" amounting to **21,600,000 USD** (820,800,000 TL) + VAT was signed between our 100% subsidiary Smart Solar Energy Equipment Marketing Inc. and a domestic customer, and the first advance payment was collected. The relevant Project is located in Şanlıurfa province, and the Project Development Studies are planned to be completed in 2025 and put into operation in 2026.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
